## THE STAR-SPANGLED GIRL

Love and ideology got mixed, but not blended, in "The Star-Spangled Girl," the comedy presented by the Elmhurst College Department of Speech and Dramatic Arts at the Mill Theatre on the 17th of October through the 19th.

Jeanne Chionis (Sophie) played the girl with the pro-American sentiments, Paul Anderson and Steven Lutz (Andy and Norman) as the impecunious young heretics who learned from her that love must be reckoned with while pursuing their social criticism. The comedy with its up-to-the-minute reflection of youthful protest was directed by Charles Berglund and the scenery representing the site of the confrontation of polarized viewpoints - the combination home of the Bohmeian young men and their "editorial offices" - was designed by Charles Schmidt.

From left to right: Barb Dunlop, John Campanella, Henry Hamm, Paul Anderson, Susan Block, Grant Sickbert, Cary Adams, and Becky Longhauser.

## THE MOUSETRAP

A chiller thriller melodrama entitled "The Mousetrap," by Agatha Christie, played at the Mill Theatre November 21-23, under the direction of Craig Malstedt. Appearing in Elmhurst's second production are Becky Longhauser (Mollie Ralston), Gary Adams (Giles Ralston), Grant Sickbert (Christopher Wren), and Barbara Dunlop (Mrs. Boyle). Other Elmhurst Thespians are Henry Hamm (Major Metcalf), Susan Block (Miss Casewell), John Campanella (Mr. Paravincini), and Paul Anderson (Sergeant Trotter).

## STOP THE WORLD— I WANT TO GET OFF

A musical, "Stop the World—I Want to Get Off," was presented March 20, 21, and 22. The play featured such songs as "What Kind of Fool Am I?", "Once In a Lifetime," and "Gonna Build a Mountain," as a traveling group of actors tried out a new routine. They attempted to show how man plays the part of a clown throughout his life.

## BETA BETA BETA

Diversity was the key word in Beta Beta Beta's programming this year. In its tenth year at Elmhurst, the Iota Chapter of the National Biology Honorary sponsored events ranging from film and lecture presentations to weekend camping trips to National Parks. A truly milestone happening was the formalization of the Biology student lounge.

Beta Beta Beta was founded as an honor society for the Biological Sciences to provide co-curricular educational experiences for Biology majors as well as present topics of general interest in the field to the entire student body. This year's officers Gloria Staples (president), Don Provenzano (vice-president), Warren Knudson (secretary), and Rick Dietzen (treasurer), in conjunction with Mr. William Fuller, the Society's Advisor, attempted to round out the Chapter's function as evidenced by the broad spectrum of activities offered.

## THETA ALPHA PHI

Theta Alpha Phi, as a National Honorary Fraternity, has not been as active as a social fraternity but strides have been made to make it a more vibrant and vital organization. Next year they plan to become a strong force in the Elmhurst College Theatre as a motivator to instill interest in the theatre. They hope to bring more students into the theatre not so much in the academic sense, but to make it be an artistic and rewarding experience as a more extra-curricular experience. Current members of the organization are as follows: Rod Randall (president), Marshall Bynum Jr. (vice-president), Ann Elyachar (secretary), John Campanella (treasurer), Charles Schmidt (advisor), Robert Swords, Donald Low, Mark Kyle, Henry Hamm, Kim Fielder, and Carol Frieden.

of Dr. DeRoo, is for psychology majors with a minimum overall grade point average of 3.0. A faculty-student coffee in March was followed by the

## FREE UNIVERSITY

Free University celebrated its 5th year of existence on the Elmhurst College campus with a change of sponsorship. Traditionally affiliated with the Housing Office, F.U. this year became a sub-committee of the Cultural/Intellectual

Life Committee of the Union Board, with Deborah Ahrens and Mark Kyle as the prime organizers. It was hoped this would broaden the scope of F.U.'s programs and give it access to more resources. Through some old favorites and some new experiments, F.U. fulfilled its purpose of making programs available which did not fall under the activities of other campus committees. F.U. successfully conducted:

wine-tasting with the Barclays. A Student Depression Seminar co-sponsored with Religious Life, an Art Adventures excursion with Ms. Carol Brown, sailing with Dr. Holbrook and Dr. Bidle, an Epicurean jaunt to the Diana Restaurant, a bar-tending seminar with Marty Christoffel, a December Arts and Crafts Fair, a Bridge Seminar with E. C. graduate Clamore Eberle, Pool Games with Ken Jensen, and an Hypnosis Seminar conducted by Dr. Siegal. F. U. also offered the possibilities of Dr. Lagerway as a resource person on Germany, Chess Club,

Basic Auto Mechanics, Square Dancing, "Meal-of-the-Month" Club, modern folk song, scuba diving, movies, and the "Last Caffeine Caper".

Programming is what Union Board is all about. The Union Board attempts to provide the student body with recreational, entertaining and educational activities. The various committees program in all areas of student interest.

This year Union Board has brought such lecturers as Tom Skinner and Gene Roddenberry. The Social Life committee and Black Affairs have co-sponsored Kool and the Gang. But that's not all, there are intramurals, camping trips, retreats, backpacking, dances, coffeehaus, and concerts.

The Elms, Newspaper, and WRSE involve students in areas of journalism, photography, and broadcasting.

This is Union Board.

## ATHLETIC LIFE

The main part of Athletic Life's time and money goes into the running of an extensive intramural sports program. For the men there is football, volleyball, basketball, softball, wrestling, ping pong, pocket billiards, tennis, and other sports. For the women, sports that are offered are football, volleyball, badminton, ping, pong, softball, basketball, and others.

Athletic Life also has campus involvement beyond the realm of intramural sports. Fan buses are sponsored to important away games. The Elmhurst College Hockey Club is backed by the Athletic Life Committee. In the future they hope to expand to other activities such as cross country, skiing trips, all day bike trips, and other group activities.

Also one new addition was made to their program this year which they hope to continue. They sent representatives in ping pong, pool, and bowling to the Association of College Union- International Regional Tournament. The participants did fairly well, and they hope to do this for years in the future.

Bruce Hill and Sue Ingram were co-chairmen of the Athletic Life Committee.

## BLACK AFFAIRS

Black Affairs is an organization which programs primarily for the black students. They have a variety of programs which are informative to the black students and every individual on or off campus. They have programs which show and try to explain to the rest of the student body, racial pride in themselves, cultural awareness and unity among the black students. Black Affairs history goes back as far as '67-'68, and they have progressed since then in providing programs which are educational, entertaining, and informative.

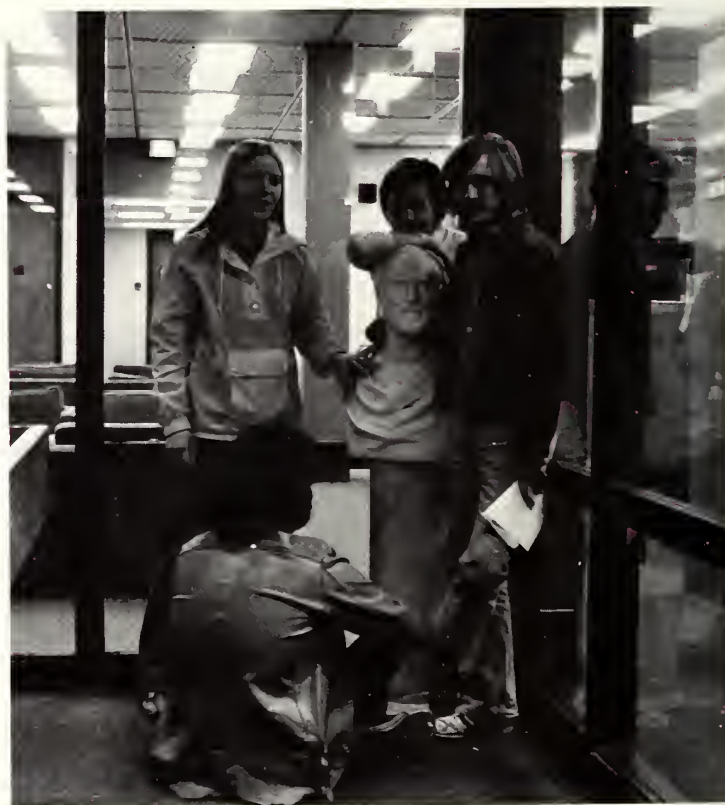

The organization now happens to be going through a structural change. At present there is just one chairperson (Tom Hill) and other committee members, 15 to be exact.

Celebrating its second anniversary in March proved that the Newspaper will continue to be an active part of the college's activities.

The Religious Life Committee has the responsibility to plan and execute a program to meet the religious needs of the college community. Its program has three foci - worship, education, and action.

During 1974-75 a worship service was held each Tuesday school was in session from 10:00-10:30 a.m. in the chapel. Students, faculty, and administrators provided the leadership with a variety of worship experiences being offered.

Special worship services throughout the year included an Opening of School Worship, a Roman Catholic Mass, Worldwide Communion Ser-

vice, Homecoming Worship with the Celebration Road Show, Black Spiritual Life Service, Annual Christmas Service, Ash Wednesday Service, Jass Worship and Baccalaureate.

Some of the educational programs included a Forum on Pardon and Amnesty, the Apha-Omega Players in "The World of Carl Sandburg", Rev. Merlin Carothers on the "Power of Praise", and Leonard Bernstein's Mass in a multi-media presentation.

Other dimensions of the education program included two Intercollegiate Weekend Retreats, one in Michigan and one in Wisconsin, and two

seminars. A Seminar on Student Depression was held in November and one on Medical Ethics ran throughout the months of February-April.

The Religious Life Committee also conducted an action program on the issue of world hunger during the year. A task force was formed which sponsored a fast in November in which over three hundred persons fasted and 300 was sent to feed the hungry of the world. A similar fast was planned for the second semester. In addition petitions, letters, and telegrams were sent to governmental officials on behalf of the world's hungry.

## S.T.O.P.

S.T.O.P. means go, environmental action now. As a subgroup of Union Board, one of S.T.O.P.'s main functions is programming activities for those students who are interested in the environment from both an aesthetic and problematic viewpoint. This year S.T.O.P.'s activities included a boat tour of Chicago's waterways, a backpacking trip to Kettle Moraine Valley, a camping trip to Devil's Lake and an Earth Week celebration. As ongoing projects, we've worked on local environmental problems, such as flooding, with community groups; continued our campus recycling program; and sponsored speakers and films to promote general environmental awareness.

## WRSE

WRSE FM 88.7 operates seven days a week, bringing you music anyway you want it. The station is owned and operated by Elmhurst College students. It has a large selection of albums, singles, and tapes with a wide range of work to do in sportscasting, newsbroadcasting, and election coverage. "But more important WRSE is people. Its philosophy is to give as many students as possible a chance to learn and enjoy the aspects of practical radio."

Even the radio station has on occasion made bloopers. Like the time this past year when an announcer referred to former President Nixon's phlebitis as "flea bites."

During the first semester, NSSHA sponsored a demonstration on theraplay; an intrusive therapy originally used with autistic children. NSSHA also sponsored, during the second semester, a speaker who is a member of the U.S.-China Friendship League. The topic of discussion was medical care and educational practices in China today. This school year NSSHA has had two bake sales and one plant sale. All three were very successful. This spring NSSHA had an Open House Tea for anyone who was interested. There were speakers and everyone was invited to come.

## FACULTY FACES

## ECONOMICS

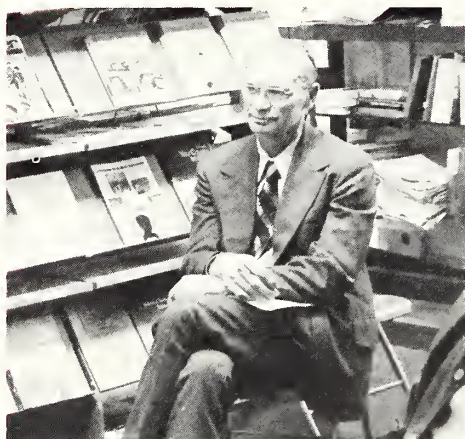

Chairperson is represented by Mr. Eaton.

Economic knowledge contains vital and exciting parts of the study of how a society can use its productive resources to best advantage.

Elmhurst's course direction is diverse and challenging. A background in economics is an excellent preparation for management training programs of corporations, economics or business administration, law school and government positions, and teaching. Economics should be very valuable for anyone who is interested in understanding and developing solutions for the most urgent and critical issues in society today. The department members include Mr. Robert Eaton and Dr. George Thoma.

# EDUCATION

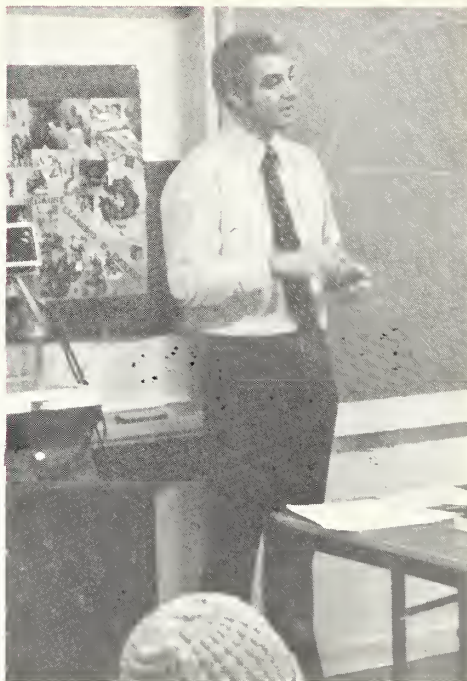

Dr. Schmidt is the chairperson.

Elmhurst College became co-educational and also began its first teacher education programs in 1930. The first teachers graduated in 1934, a class of two women and one man. Since then the education program has spread widely. In 1975, the Department of Education has approximately 75 graduating elementary education majors (during the past two years) and also approximately that many secondary teacher certification completions.

This year the department began a weekend college course in "Understanding Education Controversy" which created considerable interest and comment.

The purpose of the department is best summarized by the following quotation:
